

McAfee Small Business Security

Comprehensive security for your business

McAfee® Small Business Security provides comprehensive security so that you can focus on running your business and ensure that you and your employees' devices are always protected. Flexible licensing allows you to add devices as your business grows. Award-winning support and Virus Removal Service* provide peace of mind to ensure that your business is up and running.

Top 3 Benefits:

1. Protect your business's PCs, Macs, smartphones and tablets from viruses, malware and online threats
2. Licensing for five to 25 PCs and Macs plus protection for unlimited** mobile devices
3. Free PC Virus Removal Service and technical support for the lifetime of the subscription

Multi-Device Protection for Your Business

McAfee Small Business Security leverages the power and threat intelligence of more than 125 million customers to provide you with a level of enterprise protection for the devices used for your business so you can feel confident that your PCs, Macs and mobile devices are protected from the latest viruses and online threats.

Mobile Security

Be confident that your business and customer data will stay protected with mobile device security for an unlimited** number of your business-owned Android and iOS smartphones and tablets. Unlike competitors who charge to protect mobile devices, McAfee Small Business Security includes mobile security so that your data is protected no matter where you work.

Comprehensive Security

Keep your business and customer data secure with email, web, and firewall protection. Block spam and dangerous emails from reaching you and your employees' inboxes. Ensure your employees search safely with color-coded safety ratings that warn about malicious websites before clicking. Stop hackers and thieves from trying to reach your computers via the Internet.

Easy-to-Manage

Simply manage your security from one central location. Remotely manage the security on the devices used for your business by you and your employees. As your business grows, easily add new devices for your employees via email. Locate, lock, or remotely wipe you or your employees' lost or stolen mobile business device from the My Account dashboard.

Data Sheet
